You can amend any invoice only if it was included in GSTR 1 earlier filed

Amendments can be made in each invoice and details at summary level also. Both the type of amendments has their own limitations. These must be followed clearly to avoid any mistakes in filing GSTR 1

A. Which filing period to select?

Return filing period must be the period in which amendment is made. For example if amendment is made August and return filing period will be

a. August if he is required to file monthly returns
b. September if he is required to file quarterly returns i.e. July- September

B. Invoice level Amendments

B2B Amendments
B2C Large Amendments
Credit/Debit Notes (Registered) Amendments
Credit Debit Note (Unregistered) Amendments
Export Invoices Amendments

Amend on time

Amendment can be made in the later tax period also but the date of revised amended invoice date must be the last date of the original invoice tax period. For example if an original invoice dated 12/07/2017 is being amended in August then the amended invoice date cannot be later than 31/07/2017

Which details cannot be amended?

a. Customer GSTIN
b. Change a tax invoice into bill of supply
c. Export Invoice
   - Shipping Bill Date/Bill of Export Date cannot be amended.
   - Type of Export- With/Without payment cannot be amended
d. Credit Debit Notes
   - Receiver/Customer GSTIN cannot be changed. However you may amend & link any other invoice for the same GSTIN.
   - Details like the place of Supply/the Customer GSTIN/Reverse charge applicable etc is based on the Invoice which it is linked to. Hence these details must match with the detail of the linked Invoice.
e. If the receiver of goods has already taken action on the invoices i.e. accepted or modified, the taxpayer cannot amend those invoices. These invoices will not be available for amendment

C. Summary Level Amendments

B2C Others Amendments
Advances Received (Tax Liability) Amendments
Adjustment of Advances Amendments

Which details cannot be amended?

a. Nil rated and the HSN Summary of Outward Supplies
b. Cannot add a new Place of Supply

Place of Supply Amendments- Limitations

For all the 3 types of summary level amendments details of taxes are always filled on the basis of POS and tax rate. Hence the amendments of both these details are to done at summary level only.

a. If one detail is amended other linked details will also get amended automatically. For example: You have mentioned 5% and 12% tax rates under a POS Karnataka and now you want to make amendments for 5% tax values only, then you will have enter amended values in 5% tax values as well as 12% tax values again with original values

a. Original POS is the basis for all amendments; you can amend the original POS and replace it with another POS but with specific conditions. Refer the below examples

Let us look at examples of amendment possibilities:

	Place of Supply	Rate of Tax	Taxable Value	Amendment
Original	Kerala	18%	10000	Allowed
